

# MIRROR IMAGE

Teleprompters, Inc

37 Years Serving You!

Free standing prompter with SDI inputs...

## FS-160 OS

SDI-HDMI-NTSC-SVGA Inputs

Features a Broadcast quality LCD monitor (with SDI inputs) and mirror assembly with its own tripod stand

Reverses images internally — NO special equipment or software needed!

Simply bring your existing camera and tripod in behind this stand/prompter head and start shooting

Perfect for remote locations or home studio. A studio feed can be sent to the prompter head as well - great for interviews.

Large 15"x18" true 60/40 Beamsplitter mirror in a wide angle trapezoid shape for HD cameras. The top in the industry!

"Light-tight" design will not allow light from rear of monitor

No counter weight needed. Perfect balance every time!

All metal components with durable powder-coat finish. Extremely tough!

Luggage grade Cordura fabric lens-hood surround

3-year conditional warranty

200 dealers worldwide and ready to serve you!
